Best Practice I

Title of the Practice: Formation of Humanities and Social Science Council

Objective of the Practice: The objective of the practice is to form an informal body of students and faculty members of a faculty so that they work in close proximity to strengthen the academic environment in the college by organizing workshops, seminars and other such events.

The Context: To inculcate the practice of interdisciplinary approach towards academics among students and broaden their horizons, such initiatives are much needed.

The Practice: The faculty members of all the Departments under the Faculty of Arts came together voluntarily to form the Humanities and Social Science Council in November 2022. The teachers are paying an annual membership fee of one thousand rupees for conducting various activities throughout the year.

Evidence of Success: The Council organizes monthly lecture series on various topics of significance and has been publishing an e-newsletter- Sanchetna which is uploaded on the college website. The students and teachers contribute in the form of articles, poems, etc for the e-newsletter. The Council also has a functional youtube channel on which these lectures are uploaded regularly . The formation of the Council and the mechanism of its operation is highly decentralized with the Executive Committee delegating the work to the members of the Council which also consists of student representatives. Regular meetings of the Council are held to discuss about the programs to be organized in the future and review the previous ones.

Problems encountered and Resource Required: Lack of interest of the students, less authenticity of the Council due to its being non-registered, etc were some of the problems faced.

Best Practice II

Title of the Practice: Signing of MoUs by the Institution

Objective of the Practice: Beneficial engagement with external agencies towards enrichment of the college.

The Context: The institution for the first time decided to engage with external agencies through its various departments. It encouraged the various Departments to sign MoUs with Industry/Ministries/other pvt. or Govt. Organizations whose association could be beneficial for the college and its students. Such MoUs could prove to be beneficial towards enriching the Departments in particular, and the Institution in general.

The Practice: An MoU was signed between the institution and the Department of Fisheries, Govt. Of Uttarakhand on 22nd February 2022. This MoU will be valid for three years. Under this MoU, Database center of Himalayan Fisheries, New Tehri was established with the financial support received from the state government as part of the "Mukhya Mantri Navachar Yojana" of the Govt. Of Uttarakhand. The objective of this center would be to help the students in their research for Himalayan fisheries, to enhance entrepreneurial mindset amongst the students, to attract the tourists and learners from different areas of the country to study the Himalayan fishes. A brainstorming workshop on Development of Database Centre for Conservation of Biodiversity was organized by the Database center, Department of Zoology on 25th and 26th March 2022.

Evidence of Success: Apart from the above MoU, the Institution is also planning to sign MoUs with organizations such as the Department of Planning, ONGC, etc.

Problems encountered and Resource Required: Time constraints, Institutional Constraints and financial constraints.

SESSION: 2021-22

Significant Contributions made by IQAC during 2021-22

- IQAC was instrumental in starting coaching classes for competitive exams for interested students. The members of IQAC collaborated to guide the students in various disciplines.
- IQAC also recommended formation of faculty-wise Councils in the institution. The Humanities and Social Science Council was formed which organizes monthly lectures and publishes e-newsletter.
- National Science Day was celebrated on 28th February 2022. IQAC took the initiative to celebrate this day to create awareness among students of the remote areas. The host college for the event was Balganga Degree College, Sendhul, Ghansali.
- In the post- COVID period, IQAC recommended a blended mode of teaching in the institution as the faculty members and students had already got used to the online mode of teaching.
- IQAC did follow up on various criterias distributed for timely submission of all previous AQARs.
