PLAN OF ACTION FOR AY 2023-24 & 2024-25

Curricular Aspects

- Suggestions with regard to the inclusion of and provision for short field visits of students in consonance with their opted syllabus shall be made to the competent authorities.
- Suggestions with regard to the setting aside a week-day either weekly/fortnightly, for the inclusion of co-curricular activities towards identification and promotion of dormant/hidden talents at individual student level.
- Effort to decentralize the teaching learning process and the curricular participation by the students, such as time table, subject teaching method, assessment, co-curricular activity etc.

Teaching Learning and Evaluation

- Build up a library for the IQAC exclusive to its needs for the required transformation so that the individual members can have informed discussions, decisions and future planning.
- Faculty shall be encouraged to record at least one online lecture per month.
- All the Departments shall take up External Result Analysis along with Internal Result Analysis and take up corrective measures to improve the Results of the students.
- Feedbacks from the students shall be taken on time and reported for the corrective measures.
- IQAC shall create two-people committee to regularly visit classrooms while subject lectures are in progress.
- With upgradation in ICT infrastructure, IQAC recommended greater use of ICT tools in teaching-learning process so that the lectures become more interesting, comprehensive and interactive. There should be a separate smart-classroom for each of the three faculties to ensure that the students could be benefit from the available ICT tools in the College.
- Feedback should be collected from time to time from students to assess their academic performance and also evaluate their knowledge gap. The faculty members were also encouraged to share their actual information regarding course completion and professional development courses completed monthly through KPI.

Research, Innovation and Extension

- Joint research papers along with students shall be taken up by the faculty.
- Faculty shall be encouraged to apply for Projects /Conduct research talks and discussions /Conduct seminars on Traditional Knowledge Systems and other cross cutting issues.
- The IQAC of the institution strongly recommended spreading awareness about entrepreneurship development and portraying entrepreneurship as a viable and lucrative career option. The faculty members were encouraged to participate as mentors for entrepreneurship development as part of the Dev Bhumi Udyamita Yojana.

Infrastructure and Learning Resources

- The completion of ICT building work that is in progress shall be completed and will be furnished and made functional.
- The demand for infrastructure shall be progressively and rigorously taken up in the PM-USHA and other schemes towards an extended library.

Student Support and Progression

- Students shall be helped by the Mentors under the Mentor, Mentee program in the various dimensions of their academic progressions.
- Database of the Alumni shall be created.

Governance and Leadership Management

- Developing the Hub-spoke model for creating a vibrant ambience for the Education in the District.
- Informed practices shall be promoted in the institution towards the sensitivity of the environment and its social fallout together with designing a Green Audit of the Institute.
Continuous review and evaluation of the IQAC recommendations.

Institutional Values and Best Practices

- Creating an ambient environment for the commitment of teachers through the strengthening of the Professors Club, staff clubs and the possibility of Student's club.
- The erstwhile humanities and social science council shall be expanded to include the science stream and the commerce stream as well and shall be named the '**ACADEMIC COUNCIL, GOVERNMENT P.G. COLLEGE, NEW TEHRI**'
- With the recommendation of IQAC, the Institution aimed at conserving rain water and use it efficiently. The institution submitted its no objection certificate to Uttarakhand Jal Sansthan, New Tehri, Tehri Garhwal for setting up of rain water harvesting system in the Institution.
